Education

K.R. Mangalam University

Bachelor of Computer Application (BCA), AI & DS Specialization

Aug 2023 – June 2026

CGPA: 8.0/10

Skills

Languages: Python, JavaScript, TypeScript, C++, SQL, Java

Frontend: React, Next.js, Tailwind CSS

Backend: Node.js, Express, FastAPI

Databases: MySQL, PostgreSQL, MongoDB

AI/ML: TensorFlow, PyTorch, OpenCV, Hugging Face

Tools: Git, AWS, Docker, Figma, Streamlit

Experience

Cyber Security Intern

June 2024 – Aug 2024

Placify, Gurugram

- Identified and mitigated 20+ security vulnerabilities through penetration testing, reducing risk by 30%.
- Monitored network traffic and analyzed logs, preventing 15+ potential cyber threats.
- Implemented security policies and access controls, improving data protection by 25%.

Operations Intern – IT Services

May 2025 – Nov 2025

TKV Solutions, Gurugram

- Supported daily IT operations and improved team workflow efficiency by 20%.
- Assisted in project management and resource planning.

Projects

Mockstar - AI Interview Platform

Full Stack Developer Live Demo

- Built an intelligent AI interview platform that analyzes user resumes using NLP techniques and generates personalized, role-specific interview questions in real-time.
- Integrated real-time behavioral feedback system combining AI question generation with performance analysis to provide comprehensive interview preparation experience.

Attendance System Using Face Recognition

Computer Vision Project

- Developed a robust real-time face recognition-based attendance management system using OpenCV, Python, and Deep Learning, achieving 95% accuracy.
- Reduced manual entry time by 15 hours per month and decreased human errors by 40%.

AI Resume Checker

Machine Learning Tool

- Designed and developed a full-stack resume analysis tool using Hugging Face models, Streamlit, and NLP, successfully processing 200+ resume uploads per month.
- Delivered real-time ATS compatibility scoring, keyword optimization suggestions, and actionable improvement feedback, resulting in 25% increase in interview success rate.

LERNO AI Learning Platform

AI Learning Platform Live Demo

- Developed a centralized AI-driven learning platform that aggregates study materials and provides personalized learning recommendations to reduce exam stress for students.
- Improved student learning efficiency by providing on-demand academic support and structured exam preparation resources.

Honors & Achievements

- Core Member, K.R. Mangalam University Induction: Onboarded 300+ students, reduced setup time by 10%.
- Smart India Hackathon (SIH) Internal Selection: Qualified among 200+ candidates with AI project proposal.
